

Strand: _____ **Numbers and Operations** _____ **Name:** _____
Skill Addressed: Multiplication Skills and Facts **Block:** _____
Activity: *Divisibility Rules with the Multiplication Chart*

Look at the Multiplication Chart:

Under the **2** there is a column of numbers that are “Multiples of **2**”

Complete the following statements. Some of them are a little more complicated than others, but try your best to make sense of them.

A) I know that 14 is a multiple of **2** because: *it ends with an even digit*
like 0, 2, 4, 6, 8 (in the “ones” place)
2 is a FACTOR of 14

B) I know that 45 is a multiple of **3** because: _____

3 is a FACTOR of _____

You can choose your own number from the chart to answer C, D, and E below:

C) I know that _____ is a multiple of **4** because: _____

_____ is a FACTOR of _____

D) I know that _____ is a multiple of **5** because: _____

_____ is _____
